Museum Day train on full head of steam

Racing down the track with a full head of steam, the Museum Celebration Day train is aiming for May 5 and 6 and one of the biggest and best yet of these fun-filled events.

Many details were covered Monday night at a planning session attended by a fine turnout of representatives of various organizations.

Enthusiasm ran high during the evening as each event was described and accepted by groups.

Fun and frolic is to be the theme of the day and plans are in the making to interest as many persons as possible to dress in the times that day.

One new event, described in a separate story, that aroused much interest was the South Texas Champion Chili Cookoff to be supervised by Bill Green.

Another was the Homemade Bread baking contest which Mrs. Bruno Schweers will supervise.

And Art League members who are sponsoring the Art Show and Sale say they plan for many more entries from artists in the area as well as statewide.

Other events which will hold forth on May 5 include: Country Store, Purple Petticoat Saloon, Ice Cream, Hot Dogs, Soft Drinks, Games Booth, Baseball Dunk, Fortune Teller, Fish Pond, Pony Rides, Hayride, Balloons for Sale, Barbecue Chicken Supper, Square Dancing, Western Music, Mariachi Music, Sidewalk Cafe, Museum Plates and Sketches.

Next week these will be covered more fully along with the organizations that will sponsor them as their contribution to the success of the Medina County Museum.

Sunday, May 6, the Antique

Auction will hold forth at the 4-H Barn on the Airbase near Hondo Livestock Auction. Time for this popular auction, which each year has been the best money-maker for the Museum, will be 1 p.m.

During the auction there will be sandwiches and cold drinks for sale so that people can stay and buy their favorite items.

Frank Graff announced Monday night there are quite a few items

ready for the auction, such as clocks, items of furniture, and many collector items such as bottles, insulators.

An appeal was made for items if anyone is interested in contributing them to the Museum for sale. "We will accept contributions of any items, old, antique, or collectors," Graff said. "Or we will sell on a 25 percent commission."

Hondoan hears from 'his pilot'

Dennis Winwright, who works for Medina Electric Cooperative and lives on 23rd Circle in Hondo, had a very personal interest in one of the recently released POW's, Capt. Jim Ray of Conroe.

Dennis was the mechanic on Capt. Ray's airplane at the time it was shot down over North Vietnam. So naturally, when Capt. Ray arrived in San Antonio among the first released POW's, Dennis sent his heartfelt welcome.

The following letter to Dennis arrived this week from Capt. Ray.

I have received your message at the hospital, along with many others. I hope you understand why this reply is less personal than I

would prefer, but my time now is filled with efforts to identify and secure the release of my compatriots who also served, and are still held captive.

I appreciate all of your support through the years, and now your expression of welcome. I am as deeply moved as you at my repatriation, especially so upon finding so many loyal and concerned Americans like yourself.

My health is excellent, but I still spend a lot of time with the doctors on routine checks.

Again my deepest thanks for your expression of kindness. It's great to be home.

Sincerely,
Jim Ray

G. E. D. prep course slated for Hondo

A second course of the G. E. D. program sponsored by San Antonio College will begin at Hondo High School on March 26 and 27 and will last 10 weeks with classes being held two nights a week, three hours a night.

The Adult Distributive Education Department of the College offers this approved General Educational Development program for adults who dropped out of school between the ninth and 12th grades.

Classes are designed to train adults to understand the G. E. D. materials and obtain a high school equivalency diploma.

A description of the course follows with a questionnaire for those who are interested in signing up for the program. Please fill in

the questionnaire and mail it to Benjamin Delgado, Box 308, Hondo, Texas 78861.

Deadline for entering the course is March 21. Tuition and textbook fees are payable on the first night of classes.

Each G.E.D. class is 60 hours in length and covers instruction in math, English and expression. Tuition for the 60-hour G. E. D. course is \$15 and the textbooks are \$9.00. Upon completion of the course, students are prepared to take the G. E. D. test.

Last year the first G.E.D. preparatory course was offered in Hondo by San Antonio College and 24 persons completed it.

Political pot simmering in city elections

All was quiet on the political front up until noon Wednesday, with no new hats being thrown into the city political ring.

As it stood at press time, J. G. Barry was the only announced candidate for mayor; T. A. Lopez and R. V. Stanga were the only

announced candidates for Place 2; and G. P. Chapman was the only announced candidate for Place 1.

Some action had taken place in City Hall, but no official filings had been made. Joe Flores Monday picked up two application blanks from City Secretary Faye Walker.

Rumors, however, are floating around about the intentions of others who plan on filing as candidates in the mayor and Place 1 positions.

[Latest information indicates that Jesse Rodriguez has filed for the office of Mayor].

Absentee balloting in the April 7 city election will begin March 14 and continue through Wednesday, April 4.

Homestead exemption hot potato

A problem that seemed simple last year has suddenly become a hot potato and the Medina County Commissioners Court will juggle its many complexities at their Monday meeting.

Voters in Texas last year approved a constitutional amendment allowing governmental entities the option to exempt from ad valorem tax homesteads of persons over 65, with a minimum of \$3,000 as the base of exemption.

Medina County voters went for the amendment more than 2 to 1, or 3744 for to 1607 against to be exact.

But that was before Revenue Sharing and now the carrying out of this mandate can cost the county two ways. First, it means reduced valuations, therefore a drop in tax money; and secondly, it means an additional loss in Revenue Sharing, since this is a key factor in this new plan uses total valuations as one of ways to determine the amount of money a county will receive.

County Tax Assessor-Collector Alfred Rohrbach gives statistics that show the county will drop \$4,974,955 in valuations if the Court listens to the people who voted for the amendment. At 80 cents on the \$100 valuation this means a loss of \$32,000 in tax money.

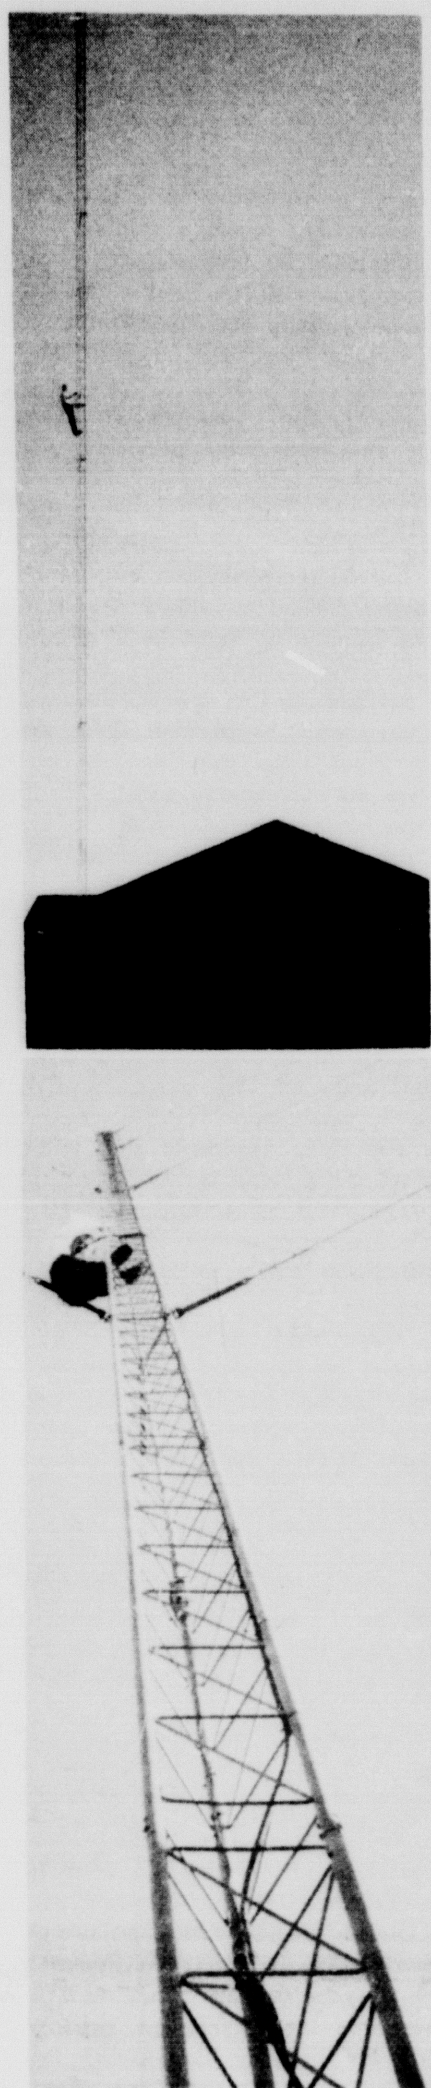

"We do not know what this would mean in the Revenue Sharing," County Judge Jerome Decker said Monday. "But we do know total valuations help determine Revenue Sharing, and this can only mean an additional loss. And with the President cutting off all other federal grants to our county as well as over the country, we cannot afford the loss of additional local taxes."

Two sentenced in local court

Five criminal cases were heard in the March 1 session of the District Court held at Medina County Courthouse. Judge Ross E. Doughty sentenced two men to prison terms on their pleas of guilty and three cases were dismissed for insufficient evidence.

Carlos Monreal waived being charged by Grand Jury indictment and was charged by information with operating a motor vehicle on a public highway without consent of the owner and pleaded guilty to the charge waiving a jury trial. He was sentenced to three years in the

***** Please Turn To Page 3

LET GEORGE DO IT . . . that was the statement when it came to placing a red light at the top of the Medina County Farm Bureau 150-foot radio tower. A light was needed for the protection of MASTS helicopters landing on the newly built Heliopad at Medina Memorial Hospital. So, George Gooding climbed to the top of the tower and installed the light. Since no photographers were around the first time, George climbed the tower a second time [not all the way this time] so that Anvil Herald Photographer Joe Fohn could snap these pictures. And after taking the pictures Joe was asked how he would like to climb the tower and he said: "Let George do it."

Parker Creek bids sought

The calling for bids on Parker Creek Dam flashes a final go signal on a project that has been in the planning stages for several years.

Parker Creek Dam will be built on the Odie Gilliam Ranch, eight miles north of D'Hanis, with Edwards Underground Water District and Medina County Commissioners Court as cooperators.

Bids on the dam will be received in the office of Medina County Judge Jerome Decker, Hondo Courthouse, until 11 a.m. (CST) March 30, 1973, then publicly opened and read.

Bids will be for the construction of an earthfill recharge dam of the SCS type "C" category. A five percent bid bond or cashier's check, 100 percent performance and payment bonds are required with each bid.

Work on the dam is to be completed 320 calendar days after beginning of construction.

Plans and specifications may be obtained from the office of the

engineers, Lodal and Bain Engineers, Inc., 8530 Village Drive in San Antonio. A deposit of \$35 is returnable upon return of these documents in good condition.

Some statistics on the dam include: maximum height, 49 feet; approximate length, 1900 feet; common excavation, 23,390 cu. yds.; rock excavation, 43,042 cu. yds.; earth fill embankment, 155,955 cu. yds.; reinforced concrete drawdown structure, 152 cu. yds.; 42 inch pressure pipe drawdown tube, 240 feet.

MEETINGS SCHEDULED

Meetings for next week include: Commissioners Court, Monday, March 12, 9 a.m.

City Council, Tuesday, March 13, 7:30 p.m.

Hondo School Board, Tuesday, March 13, 7:30 p.m.

SPARKS

TOGETHER FOR FOUR YEARS . . . These four Hondo High School band students have performed together in the UIL Ensemble Contest four years in a row, and earned four consecutive 1 ratings.

This year was their last together, since two of the members are seniors. Shown left to right are Dianne Lively, Cindy Eckhart, Nancy Lutz and Linda Bendele.

DOGS ARE COSTLY ... and Frank Palacios, Sr. of North Avenue K in Hondo can vouch for that. He is shown here with four of his lambs that dogs killed

early one morning last week. He said he heard the lambs and got there too late, but chased the dogs away. This is just another bit of proof that dogs

should not be allowed to roam the streets of Hondo. They should be penned or tied. [Photo By Tony Mendoza]

Poerner's Corner

ment for a Notary Public. Presently, an individual must be at least 21 years of age, a resident citizen of Texas and resident of the county for which he is appointed. The bill proposes to drop this age requirement to 18 years of age. Since so many girls graduating from high school go directly to work as a secretary, it is often beneficial to her in finding a job if she is able to serve as Notary Public in her position.

This week during the Governor's Conference on Vocational Technical Education, I was pleased to be the Chairman of a seminar hearing titled "Information and Data Systems for Planning and Management of Education." Interested groups were represented from El Paso to Houston, Texarkana to Laredo.

The thrust of my panel discussion was to be sure that there will be a job for

each individual when he has completed his course of study. Too often we encourage students to follow particular routes with the hope of obtaining a job which is presently in need of many trained and skilled individuals. Just because there is a shortage of skilled personnel in 1973, it may not be good management on our tax dollar to over supply and over train people in that particular field, when upon graduation in 1977 there is no job available.

Our goal therefore, is to project our vision to the future; estimate the number of jobs that will be available in each field four years from now, the number of students presently in the pipeline for that field, and diversion of incoming students to other areas. By this means, training, personnel and jobs will fit together like pieces of a puzzle.

99 YEARS ... of living is an outstanding record to achieve and Mrs. Regina Mueller, formerly of D' Hanis and now a resident at Brown's Nursing Home, has accomplished it in fine style. The pert and alert Mrs. Mueller celebrated

her 99th birthday Friday, March 2, and was joined by relatives and friends. With Mrs. Mueller are, left to right, her son, Joe Mueller, and Ed Koch who has accomplished it in fine style. The pert and alert Mrs. Mueller celebrated

BROWN'S NURSING HOME NEWS

Visiting Mr. and Mrs. D. F. Collins on Sunday was their son, Dee Collins, from Seguin.

Mr. and Mrs. Milton Bendele of Castroville visited her mother, Mrs. Regina Burell on Sunday; also visiting Mrs. Burell was her son, Red Burell.

Paul Neuman and Bill visited their great-grandfather and grandfather, Mr. August Schneider.

Mr. and Mrs. Clarence

L. Haby of Castroville visited Mrs. Lizzie Haby, August Schneider and other friends in the nursing home.

Mr. and Mrs. E. C. Braun of San Antonio visited her mother, Mrs. Regina Burell, Wednesday.

Mrs. Alfred Walch of Dunlap visited Mrs. Emma Balzen, Blanche Hall, Mrs. Otto Newman, Bertha Thomas, Regina Burell, Pauline Lossberg and

CHAMBER CORNER

By Lillian Porter
Executive Secretary

These are the kind of letters one appreciates: "Dear Mrs. Porter: "I want to thank you for the assistance you have given me in my search for a suitable lease. I now have one which I like very much and your trouble has been greatly appreciated. People like you are the reason Hondo is truly "God's Country."

Thank you,
Kenny Heltzel
Dallas, Texas"

Received a letter from Don Sanders of Tyler requesting information on Hondo and Medina County. Don says he plans on moving here soon.

Garland Sandel from Houston was in to check on job potentials in this area. He is interested in relocating and in Hondo. We hope you decide in our favor, Mr. Sandel.

We have two requests recently for hunting leases from 5-10,000 acres. Any takers? Also, Mr. and Mrs. Alvis L. Wood of Bandera are seeking leases in the area for javelina and other varmints. They are guides.

A Mr. Shankel phoned from San Antonio quite disturbed. He had just received some brochures on Texas and Trails maps and could not understand why he could not find anything on Hondo. Says when he moves here after school is out, he will do all he can to help us get Hondo on the Hill Country Trail. That's the kind of backing we need.

By the way, before George Dawson moved to Kerrville I had him frame all eight historical sketches being sold by the Museum. I now have them hanging in the Chamber office. If you would like to see how attractive they look in a frame, then come by, and I am sure after you see them you'll buy a package from the Museum. They are only \$1.00 for eight, you know.

There was a long distance call from Carlsbad, New Mexico from Dr. and Mrs. A. H. Gutierrez saying they were traveling and planned to be in Hondo this weekend. Wanted to know about our hotel and motels.

New brochures just received includes: Austin area, Everglades National Park in Florida and the Great Smokey Mountains National Park in Tennessee and North Carolina. 1972 Florida road maps, official guide map to Florida attractions, a brochure named Florida Vacation Master, and a brochure from Eagle Pass, "the most direct and scenic route to Old Mexico" so they say.

The little-bitsy things that take up a lot of time: Salvation Army pickup calls 5, Salvation Army bills 5, answer to job call in cards 14, job orders 5, food commodity 4, job applications and referrals 34, calls for Retail Merchants Association 40, Hunting-Russian bear 1, javelina 1, Air Force information 1, varied information requested 12, rentals 7, Hondo and Medina County maps 1, deer lease letters and calls 9, calls checking on possible deer leases 4.

HERE IN HONDO

Mrs. H. W. Winter of Hondo was in Warrenton, Texas to visit with her mother, Mrs. Frances Balko, and her sister's family, the Otto Kruegers. Mrs. Balko celebrated her 104th birthday last weekend.

other friends in the home. Mr. and Mrs. Richard Ahr of New Braunfels and Mr. and Mrs. Dan Burell of Castroville visited their mother, Mrs. Regina Burell.

Buster and Mary Shely of Corpus Christi visited his mother, Lenora Schuehle.

JIM PRENZLER

More about . . . Sparks

Cont'd, from Page 1

Briefly, this plan calls for four-laning the highway from the Bexar County line to the Uvalde County line with the exception of the cities, where the existing roadway will be improved on present rights of way.

Judge Decker gave this assurance to the Highway Department officials at the recent highway meeting. At the time he also said that Hondo Mayor George L. Brucks gave his support.

Somehow, the Anvil Herald did not include these two endorsements in its story of the meeting. For that we apologize to the Judge and Mayor.

HOW THINGS CHANGE

. . . when the fickle public has a hand in happenings.

Some months ago former City Patrolman Pete Pruneda made an arrest in Hondo and at the next City Council meeting scores of persons filled the City Auditorium and "demanded" that he be fired. They did not want an investigation. They wanted him fired that night.

But now Pete is a hero—or is being used. Since he was fired by Chief Jerry Williamson, those same people are pumping him for everything they can get to put pressure on the police department.

Kinda funny how things take an about face when they can be used to accomplish a goal.

Which leads me to the observation that our city police should bend over backward in order not to over react in any situation. I'm not suggesting they should not enforce the law. But don't "over police" any incident. In my way of thinking that is what is being sought—any incident that can be bally-hooed into publicity to fan the flames of a cause. Just treat ALL people with the same treatment and the majority of the city's residents will continue to give their full support to a good police department.

L. Patrick Gray, acting director of the FBI, says: "To meet the demands of his varied duties adequately, the peace officer must have an abundant measure of intelligence, honesty, judgment, tenaciousness, decisiveness, courage and physical stamina."

" . . . They [these qualities] must continually be sought in the selection of law enforcement personnel. An officer who has all of these qualities still must extend himself in performing his duties to meet the high standards of his profession. Lacking any of them, an officer may fall short in times of greatest need, when the balance of justice, or even life itself, is at stake."

And, after all, isn't that "balance of justice" what we are all seeking. That's all we ask when we are dealt with by any law enforcement officer. And that is what we should help him provide without badgering, insulting, cursing or being abusive in any other manner. Let's all employ a "balance" when dealing with our fellow man.

GENARO [JOE] AVILA

. . . at Carl Fischer's Barber Shop caught me this week. Sorry, Joe, but when I typed your name last week I told this typewriter your last name, but dang me if it didn't come out Joe Hernandez. I hope you didn't get mad enough to shave off that Museum mustache, like George Alexander did. He sure looks naked around the upper lip.

But, all those who aren't growing, the button sale began last Saturday, so get one right away. I sure hope most of you lost the ones you bought last year so we can sell what we had left over.

Four pretty girls sold buttons and "fed the pigs" Saturday to begin the push for Museum. They were Sandy and Norman Mendoza, Elisa Villa and Susan Carabajal.

Oh, and by the way: one woman fed the pig with 50 cents, asked if the buttons were free and when she was told they were \$1.00, she put 50 cents more in the pig, grabbed a button and said, "I'll take my button now."

Lady, that button cost an extra dollar. The pig thanks you for a fine \$1.00 meal, but that "feed bag" didn't include a button for a prize.

LITTER

. . . costs Texans more than \$1,500,000 per year to clean up.

And you can drive around the city of Hondo and find many examples of why this is true. Beer cans and bottles are thrown anywhere once they are empty. Paper and paper sacks fall to the ground on the spot where they no longer contain anything.

Isn't it a shame that this amount of money cannot be used to help in worthwhile programs just because someone doesn't "give a hang" about his fellowman, or the place in which he lives?

Perhaps we can follow the advice of the Polaroid Corporation: "Please don't litter the landscape . . . Someone else may want to take a picture of it."

Better still, let's take a picture of ourselves doing the littering and see if it shames our conscience to the point where we will think before we carelessly cast debris onto the street, the highway, in the yard or any where except in the trash can.

JIM PRENZLER

. . . at Winn's has some ads in this week's Anvil

Herald that shows he is concerned by a fad that has been going around the last few years.

He is announcing that he will not sell toxic glue and spray paint to children under 18. By doing this, Jim hopes to help decrease the use of these materials for "sniffing" jags the youngsters get on.

I say, "Good going, Jim. As a parent, your concern is greatly appreciated by me."

PAST ISSUES

. . . of the Anvil Herald are requested from time to time and it never ceased to amaze me how many people want them free "because they are old."

Well, they are not free. In fact, due to the fact it takes time of an employee to look them up and then go get them from the files, we are forced to announce an increase in the price of "old" papers. From today on [March 8, 1973], the cost of back issues of the Anvil Herald will be 25 cents each.

MEDINA COUNTY FARM

. . . Bureau members are concerned about some bills that have been introduced in the Texas Legislature and believe so strongly about it they are running a half page ad this week showing their opposition.

In the ad they give their reasons for not going along with the three bills. Read their reasons. If you agree with them, tell State Representative John Poerner or State Senator John Traeger. If you disagree, do likewise. I'm sure the FB would appreciate your effort.

Speaking of bills that lawmakers have introduced or might be planning to introduce: why not give Rep. Poerner and Sen. Traeger an opportunity to know your thinking. Write them letters, or call them to give them your views.

DEADLINE

. . . for the Outstanding Salesperson contest is Friday, March 9, at 5 p.m. We cannot accept letters dated after that time, nor will we accept votes brought by the Anvil Herald after that time.

SMART ALECK

. . . lights is the only way to describe the new traffic signals installed at Avenues K and M recently by the Texas Highway Department. They operate in such a manner that sometimes while driving down 19th Street you'll swear somebody just ran a red light—but tain't so. It's just that electronic line recognizing no cars are coming from the other direction and giving the go signal to the cars on Highway 90 [or it can work the same for vehicles on Ave. M and Ave. K].

Chuck Hackebell told me to get Albert Schwoppe to give me all the details. And it's plain to tell by this column, I "ain't" talked to Albert yet.

The only thing I know is that the Department has gone and given some smart-aleck city lights to a country town!

S.O.S.—S.O.S.

. . . [the distress signal] to anyone who might have some items to donate to the Medina County Museum Antique Auction.

They don't have to be genuine antiques, but being old will help a heck of a lot. Wagon wheels, horse collars, insulators, bottles, just anything that is old and people might buy.

We know they possess a value, but we just thought by chance, someone with a heart bent toward preserving history might have such items they will "give us".

Think about it, won't you?

Hondolan to attend conference

A Hondo woman is one of about 150 delegates asked to participate in a citizens conference on ethics in government. She is Mrs. John Milam of 1605 Avenue Z, Hondo.

The invitation to participate in the conference was extended by Lieutenant Governor Bill Hobby. The conference will take place in Austin on March 20-21.

Mrs. Milam is a teacher in the Hondo school system. Her husband, John, is an agent for the Texas Farm Bureau.

In asking Mrs. Milam to represent the 45th Legislative District in the conference, Lt. Governor

Hobby said the conference is an effort to secure a tree grass-roots input into the legislative process.

He said the subject of ethics in government is of great concern to all Texans.

Student Ag teachers work in Hondo

Through a joint agreement with the Hondo Independent School District and the Agricultural Education Department of Texas A&M University, student teachers come to the Hondo High School for a nine-week period of student teaching.

On February 26th two young men arrived in Hondo for their nine weeks stay.

W. A. Sudduth of San Angelo will work under the supervision of J. D. Schmidt and Monroe Shannon of Shamrock will work under the supervision of John McAnelly.

These two young men visited the Hondo schools the second week in January to become acquainted with the school and the students.

During their teaching experiences at Hondo, they will be supervised by Dr. Earl H. Knebel from the staff of the Texas A&M Agricultural Education Department.

In addition to teaching classes of vocational agriculture these student teachers will work with judging teams and take part in other FFA activities.

GARDEN CLUB TO MEET

The Hondo Garden Club will meet at the Municipal Auditorium, March 9, 2:00 p.m.

Due to the bad weather the meeting in February was cancelled.

The same program will be given. Mrs. W. C. Gray of Uvalde will give a lecture "Attract the Birds to our Yards".

D'Hanis School plans election

The Board of Trustees of the D'Hanis Independent School District set April 7, a Saturday, as election date for election of school trustees.

Anyone desiring to file for office must do so 30 days prior to election date. Thus, the deadline for filing for office will be March 9.

Tschirhart receives honors

Gerald Tschirhart, son of Mr. and Mrs. Roy J. Tschirhart, Rt. 1, Devine, has been selected as one of five students from Devine High School as Outstanding Teenager of America for 1973, according to Leo Bohl, Counselor.

The Outstanding Teenagers of America are chosen from individual schools across the country for excellence in academic achievement and community service. The local students will now vie for the Outstanding Teenager of the Year Trophy to be presented by the state's governor. Similar trophies will be presented to the winners in other states.

The other nominees from Devine are: Barbara Neuman, Richard West, Paul Jette IV and Michael Outlaw.

Gerald and Michael Outlaw also received engineering scholarships to Texas A&M University, College Station. Plaques representing the scholarships awarded were accepted by Gerald and Michael at A&M on March 2nd. Accompanying the boys to A&M were Mrs. Roy J. Tschirhart and Mr. and Mrs. Ted Outlaw.

Noonan-Pearson

Mr. and Mrs. Allen Ihnken were in Devine Thursday.

Isidro Correa of San Antonio visited Tony Orozco Thursday.

Oscar Tschirhart visited his parents, Mr. and Mrs. Albert Tschirhart, Thursday.

Mr. and Mrs. Leroy Stein and son were in Devine and Lytle Thursday.

Roy Tschirhart was in

Castroville Wednesday.

Mr. and Mrs. Dan Thedford were in Castroville Saturday.

Mr. and Mrs. Roy Tschirhart and sons, Mr. and Mrs. Leroy Stein and son and Mr. and Mrs. Allen Ihnken visited Mr. and Mrs. Maurice Haby Sunday.

Mr. and Mrs. Leroy Stein and son visited Mr. and Mrs. Albert Tschirhart Sunday morning.

CHILI & BREAD GO TOGETHER

Chili and homemade bread make a mighty fine eating combination and the hopes are that there will be plenty of both for people to eat at Museum Celebration Day May 5.

Chili will be prepared by contestants in the first annual South Texas Champion Chili Cookoff directed by Bill Green.

And the homemade bread will be provided by contestants in the newly initiated Homemade Bread contest to be directed by Mrs. Bruno Schweers.

Chili contestants will begin cooking early in the morning and judging will begin at 1 p.m. Once the chili is judged it will be sold by the bowl or by the quart, with all proceeds going to the Museum. Contestants also pay a \$5 entry fee.

Green is working out the rules which will be announced shortly. He also has his judging list about completed and will announce it next week.

Mrs. Schweers also has a committee working on bread contest rules and will announce them shortly. However, it is known that contestants will be asked to bake two loaves of bread. One will be used for judging and to be served with the chili. The other will become the property of the Museum and will be sold.

Both contests are open to men and women.

NEED MONEY? Check your garage, attic or basement and sell those unused items in a Hondo Anvil Herald classified ad. Dial 426-3346. You can charge it.

HAVE A BACK PORCH SALE and get cash for the unused items around your place. Dial 426-3346 today and place your classified ad in the Hondo Anvil Herald.

NOTICE

Effective today (March 8, 1973), we will not sell to children under 18 - years - of age: toxic airplane glue, model airplane spray paint or any other spray paint. If these items are required, we will be more than happy to sell them to parents.

WINN'S

Jim Preznler, Mgr.

State Penitentiary for the offense which occurred in Devine.

Three other charges were dismissed against Monreal for lack of sufficient evidence for conviction on the same day he was sentenced.

Don H. Ingram pleaded guilty to forgery of an instrument in writing, also waiving a jury trial. The offense occurred in May of 1970 when Ingram passed a forged check at Sillman's Truck Stop in Hondo. He was sentenced to not less than two nor more than three years in the State Penitentiary, but since he was imprisoned in Oklahoma at the time of his trial in Hondo, an additional note by Judge Doughty appeared on the judgment.

"But it appearing to the Court that said defendant is in the jurisdiction of this court by order of extradition and agreement with the State of Oklahoma to return said defendant to that state, said Sheriff (Medina County Sheriff) is hereby ordered to transport said defendant back to the prison authorities of the State of Oklahoma, and he shall get credit for all time spent heretofore in prison in the State of Oklahoma on the sentence he was serving at the time of his extradition. And, it appearing that he has sufficient credit for time spent in prison in Oklahoma, his discharge from Oklahoma prison will satisfy this sentence."

Several civil cases were also heard during the March session of the District Court.

Johnston-Burrell wedding solemnized

Miss Cynthia Lynn Johnston and Robert Fred Burrell exchanged marriage vows in a double-ring ceremony at 7:30 o'clock Saturday evening, February 17, 1973 in the First Baptist Church in Uvalde, Dr. William Landers, pastor of the Hondo Baptist Church, officiated.

The bride is the daughter of Mr. and Mrs. Loman Johnston of Uvalde and parents of the bridegroom are Mr. and Mrs. Otis H. Burrell of D'Hanis.

Forming a background for the ceremony were brass candelabra, commode trees and three large arrangements of white gladioli and mums.

The organist, Mrs. William Dillahunty, played traditional nuptial selections and accompanied Misses Debbie and Cathy Thomas as they sang "Whither Thou Goest", "One Hand, One Heart" and "The Lord's Prayer".

Given in marriage by her father, the bride wore a floor-length gown of organza with imported peau d'ange Chantilly lace. The empire waist featured a high neckline and long full sleeves with wide cuffs. Seed pearls trimmed the bodice and her shoulder-length veil. She carried a cascade bouquet of white Jack Frost roses with gypsophila.

Miss Helen Kessler was maid of honor and bridesmaids were the brides' cousins, Miss Patty Starnes of Katy, Miss Connie Jennings of Yoakum, and Miss Brenda Postert of Uvalde.

Melanie Robertson was flowergirl, and Steven Burrell, the bridegroom's cousin of Houston, was ring bearer.

The bridal attendants wore gowns in rainbow colors of blue, green, pink and lilac. The empire waists had long sleeves of tucked rayon chiffon, and the long skirts were of chiffon, trimmed with lace and velvet ribbon. They wore matching bows of velvet ribbons in their hair. Each attendant carried a white Bible, a gift from the bride. Atop the Bible were flowers matching their dresses and ribbon streamers.

Best man duties were performed by Gerald Wolff of D'Hanis. Groomsman were Jerry Johnston of Uvalde, brother of the bride, Dennis Burrell of Uvalde and Chuck Burrell of D'Hanis, brothers of the bridegroom.

Ushering were Spencer Burrell of D'Hanis, brother of the bridegroom, Charlie Dickens of Hondo and Robert Schmidt of D'Hanis.

Mr. and Mrs. Johnston were hosts for the reception held in the Fellowship Hall of the church immediately following the ceremony.

Guests were registered by Miss Alicia Raine. Spring flowers decorated the registry table.

The T-shaped bride's table was laid with a white satin skirted cloth with tulle overlay. An arrangement of spring blossoms, flanked by silver candelabra, centered the table. The three-tiered wedding cake was decorated with pink sugar spun rosebuds, white hearts over pink net, and topped with miniature bride and bridegroom. Each tier was held in place by white filigree pillars.

Miss Karen Burrell, served the cake and Mrs. Don Wilson served punch. They were assisted in serving by Miss Tina Doolan of Brazoria and Miss Peggy Ischy of Austin.

For travel, the bride wore a black houndstooth jacket with white turtle-neck, black pants and black accessories. Her corsage was a rose from her bridal bouquet.

After a trip to Phoenix, Arizona and New Mexico, the newlyweds will reside in D'Hanis, where Mr. Burrell is owner of an ice station.

The bride is a graduate of Uvalde High School and attended Southwest Texas Junior College. The bridegroom is a graduate of D'Hanis High School and DeVry Institution of Technology of Phoenix, Arizona.

MRS. ROBERT FRED BURRELL

Case-Sutter vows exchanged

Miss Gail Layne Case, who is employed by Arlington Independent School District, exchanged wedding vows with Joe Weldon Sutter in a ceremony at Calvary Baptist Church in Seagoville on Tuesday, December 26, 1972.

The bride is the daughter of Mr. and Mrs. Bernie C. Case of Seagoville. The groom is the son of Mrs. W. H. Sutter of Devine and the late Mr. Sutter.

Reverend Charles Gates performed the ceremony.

Honor attendants were Misses Pamela Gay Wester, Dallas, and Carol Sutter, Arlington.

The bride, given in marriage by her father, wore a gown of re-embroidered Alencon lace and embellished sheer English net designed with a court train which fell from the raised back waistline. A lace bandeau held her shoulder-length veil of illusion and she carried the traditional white bridal

Art League to meet

The Hondo Art League will have their regular monthly meeting Monday, March 12, at the City Auditorium at 7:30 p.m.

After a short business meeting, they will have as guest speaker Mrs. Frances Mims, better known as "Sis" Fly Mims, daughter of Mr. O. A. Fly of Hondo.

Frances (Sis) Mims was born in Hondo and graduated from Hondo High School and Southwestern at Georgetown.

At present she is studying under George Pinca and has had classes under Dalhart Windeburg, Porfirio Salinas and Harold Roney.

Frances has attended classes at McNay Art Institute and is at present co-owner of the Turtle Creek Art Gallery in San Antonio, where she has classes twice a week in oil painting.

An active member in the San Antonio Art League and the River Art Group, Frances displays her paintings in those sponsored shows.

Frances will bring with her from the Gallery numerous works of art and will discuss the types of art, some background information on each piece, and what makes a particular piece of art valuable.

Frances will be pleased to try and answer any questions.

Anyone interested in art in any form is encouraged to attend.

This week All she wrote by Edna McDade

These peregrinating paragraphs are being put together on Texas Independence Day. Historic dates always stir my guilty conscience into confession as I recall that, if lower grades in history could have been made I'd probably have led the class.

So, I turned to my trusty Texas Almanac [1972-73] to refresh my memory and wondered how I ever made it to graduation without it.

Although we have had a pledge to the Texas Flag since 1836 [as adopted by the Forty-third Legislature] it was historically incorrect, as we did not have a state flag in 1836.

It was not until April 3, 1965 that Governor John Connally signed an act of the fifty-ninth Legislature officially designating this pledge:

"Honor the Texas Flag. I pledge allegiance to thee, Texas, one and indivisible."

That was less than eight years ago. And, now, while political pundits ponder the present paradoxical party position of our popular former governor, let's us continue to pledge allegiance to Texas and leave the decision to our fellow Texan.

"Once a Texan, always a Texan" and, land sakes, what one of 'em can do once he gets a chance!

The devaluation of our US dollar has the economists going and words never seem to fail them. I read the daily comments looking for new words!

One is "autarky" [quoting Treasury Secretary George Schultz]. I found it in the New Words Section [circa 1939] of my Webster's Second Edition although later editions of other references spell it "autarchy".

"Monetarist" is another. Papers are full of such and all Greek to me but the reward is in the searching.

And I rather enjoyed frequent mention of "blackening the budget" since my budget's favorite color trend seems to be toward re-dening.

Forgive me if I seem to be hung up on words this week but here's another: "snollygoster". I found it in a yellowed clipping I had in one of my files. It was dated May 1, 1952.

The word was used by President Truman and it means "persons who seek office regardless of party or principles and who try to get elected by saying nothing."

Snollygostering must have gone out of style. Present day office seekers seem to be pretty articulate!

One dollar that shows no signs of "devaluating" is found on our Gulf shoreline on good beach-combing days. Many of these circular sea urchin sand dollars are broken into "small change" but four quarters still make a dollar.

While SALLY BRUCKS was here for a few hours last week, we drove to Malaquite Beach for a delightful outing in perfect weather. We managed to keep the sand out of the sandwiches and a good time was had by all.

SMALL WORLD DEPT. . . . Whatever would dentists do without teeth to work on? Much as I miss the ministrations of Dr. JOHN WINDROW, I am fortunate to have found a local doctor who knows just where it ouches and what to do.

While under the care of his dental control nurse, I was delighted to learn that she had lived in Devine [1966-67] and she is Mrs. DEBBY BURNS.

Her father, H. G. CHEEK, now of Cleburne, is a road construction contractor and Debby says she spent two happy summers in Medina County, much of the time either in [or on the road to] the HONDO Municipal Swimming Pool.

So J. G. BARRY is a candidate for Mayor of Hondo. If elected, I wonder if the sign that identified his HHS desk will find room on the desk he will "inherit" from Mayor GEORGE BRUCKS? "The buck stops here".

I noted that RENO STANGA, in announcing his candidacy for Alderman Place I, said, "I cannot assure miracles" but, anyone who can do as good a job as Reno [with at least a bit of help from ELSIE] has done with never-a-dull-moment twin sons should do a double-good job on the City Council.

I predict that Hollywood might be sending scouts to Hondo if some movie extravaganza calls for a leading man with a mustache. The two models in last week's Herald might take this as a warning. I recognized them both even behind what Phyllis Batelle calls "their odd hirsute disguise."

Hair today -- and gone after Museum Day, May 5!

A Guide to Good, Clean Living

There are many ways to use natural gas in the home: heat and cool with it, cook with it, dry clothes and produce hot water, all with the soft blue flame of natural gas.

The use of gas in the home adds to good, clean living, because natural gas itself is a clean energy source. When you use the natural gas flame in your home, it releases carbon dioxide and water vapor into the air, the same harmless elements your breath releases. Plants take in these elements and, in turn, produce oxygen for us to breathe. So, you could say that natural gas is the flame so pure it feeds the flowers.

United GAS
GAS FOR GOOD. CLEAN LIVING

Most American families practice good, clean living. That way of life is beneficial to the mind and body, to the community and to the country. United Gas is proud to provide you with natural gas energy to enhance the home of a good, clean-living family.

Lutheran ladies honored on birthdays

The Eunice Circle of St. Paul Lutheran Church honored two members with a Happy Birthday Party.

Mrs. Lyzette Burger and Mrs. Anna Wunderlich both will be 93 on their next birthdays.

Those present for the occasion were Pastor and

Mrs. Hannemann, Mrs. Harry Oefinger, Mrs. William Honig, Mrs. Otto Lindeburg, Mrs. Herman Reus, Mrs. Oscar Leinweber, Mrs. Albert Saathoff, Mrs. Roy Nietenhoefer, Mrs. Arthur Schlentz, Mrs. Hugo Saathoff, Sr., Mrs. V. V. Wiemers and Mrs. Marvin Beyer and Melody.

Both ladies are still spry and quite active.

Mrs. Burger enjoys visiting with her friends in Brown's Nursing Home. Mrs. Wunderlich still enjoys piecing quilts and donates one each year to Grace Lutheran Hospital. Both ladies attend Sunday church services.

TWO HONORED ON BIRTHDAYS Mrs. Anna Wunderlich (left) and Mrs. Lyzette Burger, both soon to be 93 years

old, were honored with a birthday party after a meeting of the Eunice Circle of St. Paul Lutheran Church, Hondo.

Martha Society elects officers for 1973

St. Rose Household #662 Order of Martha, a branch of the Catholic Church Extension Society, met for their monthly meeting on February 27 in the home of Mrs. W. O. Rothe.

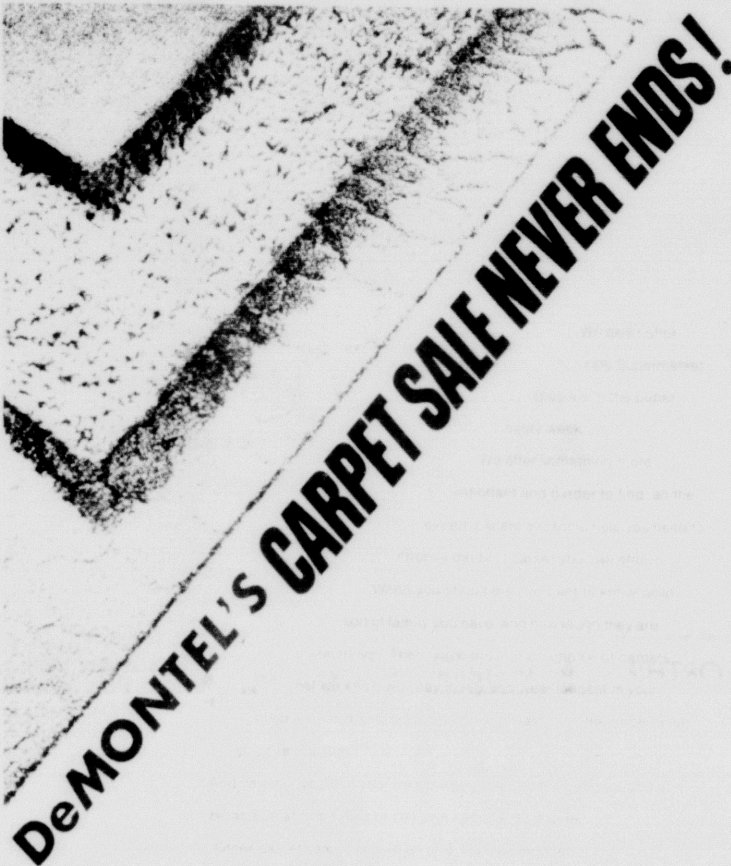

Officers for 1973 are president, Mrs. Joe Meyer; vice-president, Mrs.

Hilmer Haegelin; secretary-treasurer, Mrs. Milton Mechler.

In addition to the monetary assistance given to the Extension Society, the local group participates in the following activities: a spiritual reading is given at each meeting, members attend

Mass as a group, make Baptismal bibs for St. John's, an annual Valentine party for the residents of the nursing homes is given, donate toys to the Empty Stocking Fund at Christmas, and a new project taken on this year is the making of hospital gowns for Medina Memorial Hospital.

Baptism dinner held at Quihi

Mr. and Mrs. Stanley Meyer of Portland were hosts to a fish fry Sunday dinner at the home of Mr. and Mrs. Alfred Saathoff honoring their daughter, Delayne Marie, who was baptized at the Quihi Lutheran Church Sunday morning by Rev. Wm. Durkop, pastor.

Sponsors are Mr. and Mrs. Alfred Saathoff and Mr. and Mrs. Marvin Meyer.

Those attending the dinner were: Mr. and Mrs. Marvin Meyer, Mr. and Mrs. Alfred Saathoff, Mr. Willie Meyer, Mr. and Mrs. Jerry Meyer and sons, Wade and Kevin, Mr. and Mrs. Wilburn Schott and children, Brenda, Carol, Stephen and Warren, Mr. and Mrs. Carl Guinther and sons, Kieth and Kevin, and the hosts Mr. and Mrs. Stanley Meyer and children, Gregory, Darryl and Delayne.

A good babysitter needs a lot more than a way with kids

Of course a babysitter should like children. And like taking care of them. But the job also involves some pretty big responsibilities.

Caring for little ones means being able to handle just about any emergency. Because emergencies often require the use of the

telephone, a handy list of important numbers can do wonders for your sitter's confidence.

So write down the phone numbers for fire, police, medical assistance and the places you'll be while out. Keep the list right next to the phone, and remember to call home if your plans change.

Interested in getting more for your telephone dollar? We'll send 30 tips to help you save time and money. No charge. We'll also include an Emergency Numbers List.

Garden Club wins recognition

At the spring meeting of District VII, Texas Garden Clubs, Inc. held in Corpus Christi Tuesday and Wednesday, Hondo Garden Club was the recipient of special recognition, according to Mrs. Harry Ingersoll, awards chairman.

In addition to Honor Roll club rating, Hondo received a special award for its contribution to World Gardening, 2nd place for yearbook, and a special citation from the District Director for outstanding youth work.

The Hondo Junior Garden Club, which it sponsors, received a certificate of merit for Reclamation Center, first place for programs, yearbook, scrapbook, best all-around club, honor roll rating, and two of its members, Chris and Doug Cole, earned the Conservation Achievement Award.

District VII is comprised of 27 counties with a membership of 91 garden clubs. Mrs. Hilmer B. Haegelin of Hondo is the district director.

Food for the family

Quality of food for the family can be no better than the quality of food bought—but it can be worse.

Mrs. Gaye Bippert, County Extension Agent, offered some tips on proper handling and storage of some common foods.

Potatoes require careful storage, keeping best in a dark, dry, well-ventilated place. In warm places they shrivel and sprout while in cold places their starch changes to sugar.

Citrus fruits, melons and pineapples actually have better keeping quality at room temperatures of 60-70 degrees F.—which means out of the refrigerator.

As for eggs, it's advisable to refrigerate them in their original carton or some covered container. Uncovered eggs lose moisture through their porous shells, and may absorb odors from other foods.

Refrigerate mayonnaise and salad dressings unless they're used within a few days.

Once they're opened, jellies, jams and peanut butter keep best in the refrigerator.

Food-poisoning bacteria can't grow at 42 degrees F. or below. So, there's little or no danger of food becoming unsafe when refrigerated at that temperature range.

4-H news

The D'Hanis 4H Club met on Monday, February 19th, at 4:30 p.m.

Our guest, Mrs. Gaye Bippert, Home Demonstration Agent, talked about Share-the-Fun and how to give method demonstrations. The sewing classes for this year were organized and the leaders recognized.

Mr. Scholtz, the new assistant county agricultural agent, told of what he will be doing in connection with the Medina County 4H.

The photography club was discussed and organized.

Refreshments of punch and cookies were served following the meeting.

Young girls work

hard feeding pigs

Four young girls Saturday started the pig feeding program that is expected to net the Museum some \$400 again this year.

The four "put the four pigs out to feed" at various places over town and reported the response was very good.

They also sold buttons for Museum Day and several of these went. Pigs were "fed" at the Hondo National Bank, HEB Food Store, E. R. Leinweber's and Dan Drug-Nester Supermarket area.

Contributing their time for the Museum cause were Sandy Mendoza, Norman Mendoza, Elisa Villa and Susan Carabajal.

Tony Mendoza, a member of the Museum board, supervised the first public exposure of the 1973 pigs. He also said the pigs will be placed this week at Hondo National Bank, Leinweber's, Dan's Drug and the New Frontier Restaurant.

This coming Saturday another group of girls are scheduled to do their bit in getting "the pigs fed."

CITIZENS OF MEDINA COUNTY

Your help is urgently needed to defeat recently submitted Legislative Bills which are an invasion of your right to control property

EXAMPLES ARE-

NATURAL AND SCENIC RIVERS SYSTEMS

H.B. 13 by Joe Allen, a bill providing for the creation and administration of a Natural and Scenic Rivers System in Texas, was introduced in the House of Representatives and was referred to the House Committee on Environmental Affairs. H.B. 13 has the following provisions:

1. The Parks and Wildlife Department shall administer the Natural and Scenic Rivers System and enforce the provisions of this act.
2. The Parks and Wildlife Department shall: 9a) make a survey of the waterways of the State and identify all natural and scenic rivers; (b) include all natural and scenic rivers within the system; (c) preserve, protect, develop, reclaim, and enhance the wilderness qualities, scenic beauties, and ecological regimen of the rivers within the system; (d) acquire scenic easements and surface easements to preserve aesthetic, scenic, recreational, ecological, archeological, geological, botanical, zoological, and other natural and physical features in and along the shores of the rivers of the system; (e) when consistent with the duties of preserving and natural beauty of the system, provide recreational facilities for the use and enjoyment of the system by the public.

3. The Parks and Wildlife Department shall have the power to: (a) acquire scenic and surface easements by gift, purchase or condemnation; (b) make regulations governing the use and enjoyment of rivers in the system and adjoining scenic and surface easements.

FARM BUREAU OPPOSES the provisions of this bill which gives Parks and Wildlife Department power and authority to acquire scenic easements through condemnation and the power of eminent domain to provide recreational facilities for the use and enjoyment of the public. FB has no objection to the Departments acquisition of scenic and surface easements by gift or purchase. ACTION REQUESTED contact your State Representative and Senator now to express your disapproval of this proposed attack on private property rights.

PUBLIC ACCESS TO PUBLIC WATERS

H.B. 22 by Joe Allen, a bill to provide public access to public waters of this state, was introduced in the House of Representatives and was referred to the House Committee on State Affairs. In H.B. 22, the term "Public Waters" is defined as: "All notional watersources so far as they retain an average width of 30 ft. from the mouth up; all tidal waters below the line of mean high tide; and all other waters which submerge state owned land." Section 2. (a) H.B. 22 reads: "No person may create, erect, construct, or maintain any obstruction, barrier, or restraint which interferes with the right of the public, individually or collectively to have access to, or to use and enjoy, the public waters of this state." Section 3. (a) of H.B. 22 reads: "No person may display or cause to be displayed, in such a manner that is visible from public waters, any sign, marker, or warning, nor make nor cause to be made to any member of the public attempting to exercise his rights of access to, and the use and enjoyment of public waters, any communication, written or oral, which states that the public waters are private property, or in any other manner indicates that the public does not have these rights." Section 4. (a) of H.B. 22 reads: "Any person who violates Section 2 or Section 3 of this Act is guilty of a misdemeanor, and on conviction punishable by a fine of not less than \$10 nor more than \$200."

FARM BUREAU OPPOSES. Farmers and ranchers are certainly in favor of public use of public waters. However, we are not in favor of having to provide free public access to public waters through our private property at any point or at any time or under any and all circumstances.

POLLUTION CONTROL

S.B. 70 by Wallace, a bill providing that any person or group of persons may sue any other person or group of persons for failure to control pollution, was introduced in the Senate and was referred to the Senate

Committee on Intergovernmental Relations. S.B. 70 declares that if it is the right of each person in this state to enjoy the protection, preservation, and enhancement of the air, water, land, and all natural resources of the state, and that each person has the responsibility to contribute to such protection, preservation, and enhancement by suing anyone that is out of line. Suits would be brought in the District Courts of this state.

FARM BUREAU OPPOSES. Enactment of this bill would lead to chaos or worse. Anyone who thought a feedlot or chicken yard, or dairy, or hog lot smelled bad or looked bad could bring suit in District Courts to force the producer involved to stop the smell and had appearance of his operation. In addition, that self styled ecologist and environmentalist would have a field day going around and suing anyone and everyone they decided might be contributing to pollution.

LAND USE PLANNING

H.B. 105, by Drabburger, a bill providing for regulation of buildings and land in each country under authority of the Commissioners Court, was introduced in the House of Representatives and was referred to the House Committee on Intergovernmental Affairs. H.B. 105 is scheduled for hearing before the House Committee at 2:30 P.M. on Monday, February 5th, 1973. H.B. 105 has three additional provisions: 1. County Commissioners Court would be empowered to regulate and restrict size and location of all buildings outside corporate limits of cities, towns and villages according to a County Comprehensive Land Use Plan. 2. Regulations would be formulated by a County Zoning Commission comprised of seven members appointed for 2 year terms by the Commissioners Court. 3. This act shall not enable the Commissioners Court to require removal or destruction of property existing at the time Commissioners Court takes advantage of this Act, nor require alternatives or change of the use to which land is being put at that time. 4. Violations of this Act or its regulations would be a misdemeanor punishable by a fine from \$100 to \$1,000 or confinement in a county jail from 30 days to one year or both.

FARM BUREAU OPPOSES Compulsory Land Use Planning.

PLEASE CONTACT YOUR STATE REPRESENTATIVE AS SOON AS POSSIBLE TO EXPRESS YOUR OPPOSITION TO THIS INVASION OF YOUR PRIVATE PROPERTY RIGHTS

It takes more than optimism!

The farmer/rancher is an eternal optimist. He must be—to contend with such imponderables as weather, prices and costs.

Yet, it takes more than optimism in today's high cost agriculture. It takes an organization the farmer/rancher knows he can count on. Farm Bureau is such an organization. That's why four out of five farmers in the nation are members of Farm Bureau.

Farm Bureau works for agriculture on three broad fronts—

1. TO INCREASE ECONOMIC OPPORTUNITY—Through effectiveness in Public Affairs (policy development & legislative activities)
2. TO STRENGTHEN FARMERS' COMPETITIVE POSITION IN MARKETPLACE—Through marketing programs, commodity activities, market expansion
3. TO CONTROL PRODUCTION COSTS—Through group purchasing (tires & batteries), insurance protection (fire, life & casualty), group insurance (medical care)

FARM BUREAU DOESN'T COST, IT PAYS — JOIN TODAY !

Hondo hosts 4-H Food Show

The 1973 District 13 4H Food Show was held Saturday in McDowell Junior High School in Hondo with 99 boys and girls from 18 surrounding counties competing for district honors.

Medina County walked off with top awards in the Senior Division. Robin Saathoff, North Hondo 4H

Club member, won first place in the Main Dish Entry Class over 13 contestants. Robin is the daughter of Mr. and Mrs. Floyd Saathoff.

Catherine Cox, also a North Hondo 4H Club member, won first place in the Bread and Dessert category which had 12 contestants. Catherine is the daughter of Mr. and Mrs. Bob Cox.

Also winning in the Senior Division were Glenda Moore, Banderita, and Candy Graham, Val Verde.

Robin and Catherine will compete in the State Food Show at A&M University June 4-5.

Blue ribbons were won by Vicky Gilliam and Angela Braden of South Hondo Unit I 4H Club.

Red awards were presented to Nancy Martin, South Hondo Unit II, and Melissa Bippert, Castroville 4H Club.

Vince Gilliam, South Hondo Unit I Co-Chairman, served as Master of Ceremonies for the Food Show Awards Program. Judge Jerome Decker welcomed the 4-H'ers, parents and leaders to Hondo and Medina County. Paula Moos, South Hondo Unit II 4-H'er distributed the awards that were presented by J. O. Hidy, representative of ConAgra, Inc.

FIRST PLACE WINNERS in the Seniors Main Dish Division of the District 4-H Food Show held Saturday in Hondo

was **Robin Saathoff** [right]. **Cathy Cox** earned first place for the breads and desserts competition.

4-H FOOD CONTESTANTS from Medina County included these six girls. Left to right are

Cathy Cox, Melissa Bippert, Nancy Martin, Angela Braden, Vicky Gilliam and Robin Saathoff.

Planting time here for fruit, pecan trees, says Agent Bragg

BY GLENN BRAGG
EXTENSION AGENT

pear trees to about 30 to 36 inches above the ground and peach and plum trees to about 24 to 28 inches.

If trees have side branches, remove all of these below the top 18 inches of the main trunk. Any side branches above 18 inches should be stubbed back to one to two inches.

The main reason for pruning the top growth of nursery trees is to compensate for root losses that these trees experienced when they were dug, explains Bragg. In other

words, the top growth needs to be balanced with the root system so that the roots can develop and become established.

All pruning cuts should be treated with a tree would dressing as a protectant against insects and diseases.

Pruning is also important during the early years of fruit and pecan trees, so that they will develop properly and take the desired shape.

Bragg adds that further information on selecting, planting and care of fruit and pecan trees is available at his office.

The fact that spring is only about six weeks away should make most people take note, especially if they're considering planting fruit and pecan trees.

County Extension Agent Glenn Bragg advises homeowners to order or purchase needed trees as soon as possible to get the best pick of available supplies.

It's also important to select varieties that are adapted to your particular locality, emphasizes Bragg. The County Extension office can provide information on which varieties perform best in a given area.

For peach and plum trees, select year-old plants that are three to five feet high. Apple and pear trees should be four to six feet tall. Pecan trees that are five to seven feet tall are best. Such trees will transplant easily and will become established more quickly. Excessively large, bare-rooted trees should not be purchased, cautions Bragg.

When buying fruit and pecan trees, always insist on disease-free stock. Select peach and plum trees that have nematode rootstock (rootstock that has resistance to rootknot nematodes).

Trees perform best on soils that are well drained and have good penetration by roots, water and air, so give special attention to the planting site.

An important operation following planting is the cutting back of the main trunk and side branches, points out Bragg. Pecan trees should be cut back by one-third to one-half of their top growth (that portion above the ground level). Cut back apple and

Manuela Vidales dies at 81

Funeral services were held March 5, 1973 at 4 p.m. in St. John's Catholic Church of Hondo for Mrs. Manuela Vidales, age 81, who passed away March 2nd in Medina Memorial Hospital. Father John Catala, S.J., officiated.

Rosary was recited in St. John's Church on March 4 at 7 p.m.

A housewife, Mrs. Vidales was born in Mexico on June 17, 1891, daughter of the late Juan and Estefana Camarilla Alvarez. She was a member of the Catholic faith and had

lived most of her life in Hondo.

Surviving Mrs. Vidales is one son, Jose Alvarez of Hondo; 14 grandchildren and 62 great-grandchildren.

Pallbearers were Arturo Garcia, Lupe Garcia, Lonzano Reyes, Trinidad Gonzales, Benito Rodriguez and Monico Hernandez.

Interment was in Guadalupe Cemetery, Hondo.

In charge of arrangements was Guinn-Horger Funeral Home of Hondo.

Dean's list names area students

Four area students have been named to the Dean's Honor List at Texas Tech University for the 1972 Fall Semester.

Students recognized for their high academic achievement in the College of Arts and Sciences are Annette M. Aelvoet, John J. Sturm, and Lee A. Schuehle, all of Hondo; and August J. Rothe of D'Hanis.

G. Hernandez services held

Mr. Geronimo Hernandez, 74, of Hondo passed away March 1, 1973 in Bexar County Hospital, San Antonio. Funeral services were held March 3 at 4 p.m. in St. John's Catholic Church, Hondo, with Father John Catala, S.J., officiating.

Rosary was held at 7 p.m. March 2 in Guinn-Horger Funeral Chapel, Hondo.

A lifetime resident of Hondo, Mr. Hernandez was born in Eagle Pass, Texas on September 3, 1898 a son of the late Manuel and Refugia Soliz Hernandez. He was a member of the Catholic faith.

Mr. Hernandez is sur-

vived by his wife, Estia Nira Hernandez, Hondo; five daughters, Guadalupe Molina and Luciana Alvarez, both of Hondo, and Eneida Hernandez, Emma DeLeon and Gloria Ramirez, of San Antonio; one brother, Margarito Hernandez and one sister, Defina Garza, both of San Antonio; 21 grandchildren and six great-grandchildren.

Interment was in Guadalupe Cemetery, Hondo, under the direction of Guinn-Horger Funeral Home, Hondo.

Serving as active pallbearers were Julian Alvarez, Carlos Alvarez, Ernesto Molina, Jerry Ybarra, Joe Villa and Luz Alvarez.

HEAD TABLE
Directing the Awards Program at the 4-H Food Show were [l-r] Paul Harris of Frio County, Deyl Homilius and Melody

FFA meets Monday

The Hondo FFA Chapter will hold their March meeting Monday night, March 12th, in the Audio Visual room. The program for the evening will be presented by Odell Frazier of Texas Farm Bureau. His topic of discussion will cover auto and fire insurance and estate planning.

These subjects are of importance to farmers and businessmen alike. There are many tax laws that apply to the passing of a business from parents to their children.

Business to be transacted by the FFA Chapter will be discussion of coming judging contests and the District FFA Banquet planning committee.

Two Chapter Delegates will be selected to attend the District FFA Meeting in Uvalde on Wednesday, March 14th.

The District FFA Banquet is to be held at Uvalde in the later part of April.

Hondo man struck

An 82-year old Hondo man was injured Saturday night when he was struck by a car on Highway 90 near its intersection with Avenue O.

Victor M. Rico of 1510 18th Street was taken to Medina Memorial Hospital with lacerations to his face and head. He was treated and released.

Driver of the auto was identified as Frank Aelvoet, 18, of Hondo. No charges were filed against the driver in connection with the traffic accident.

Norma Roberson dies

Mrs. James T. (Norma) Roberson, age 50, passed away January 16, 1973 in Dallas, Texas.

Memorial service was held January 18 at Park Cities Baptist Church, Dallas.

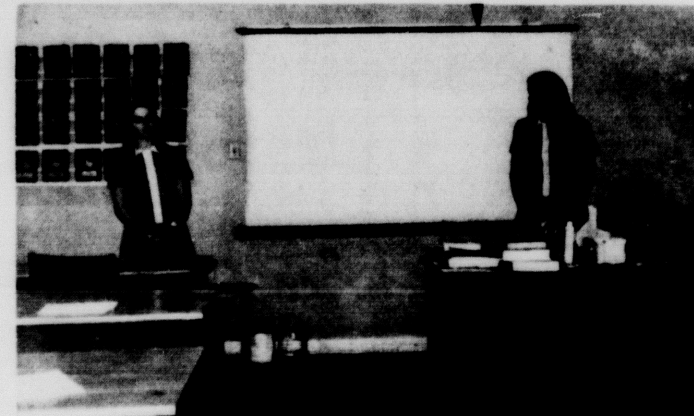

Survivors include her husband, James; son, Ronnie; and mother, Mrs. Nettie Ballew.

Interment was in Hillcrest Memorial Park.

The Robersons were stationed in Hondo during World War II and Norma made her home with the Merrimans while her husband served overseas. She was employed at H.A.A.B. in the Budget and Fiscal Office.

WINNING SALESMEN--These three salesmen represent the Texas Farm Bureau Insurance Company out of the Hondo offices of the Medina County Farm Bureau. And these trophies prove they can sell. The large trophies went to Doug Mogford, center, who is agency manager, for the agency outselling any other agency in its district by \$400,000. Other trophies went to John Milam, left, and Ed Kaufman, both agents.

Young Farmers

The Hondo Young Farmers heard a program by Dee Anna and Linda Howard on "Use of Exotics in Beef Breeding". The girls spoke Tuesday night, February 20, on the subject which was part of their 4-H project.

A question and answer period followed the program, to help the girls prepare for area and state 4-H competition.

Also during the meeting, which was held in the Hondo High School Vo-Ag building, Larry Oefinger of Medina Electric Co-Op spoke briefly on the effect of the reorganization of the U. S. Department of Agriculture on the R.E.A. program.

Jerry Turrentine, biologist and conservationist with the Soil Conservation Service in Hondo, spoke on the "Use of Controlled Burning in the Improvement of Rangeland and Wildlife Habitat".

A short business meeting was held following the programs, and refreshments were served.

PRESENT YOUNG FARMER PROGRAM ... Dee Anna and Linda Howard are shown as they present a program Tuesday night, February 20, to the Hondo Young Farmers. The girls spoke on "Use of Exotics in Medina County Beef Breeding".

Schweitzer assigned to Keesler

SAN ANTONIO--Airman Charles C. Schweitzer, son of Mr. and Mrs. Samuel Schweitzer of Devine, has been assigned to Keesler AFB, Mississippi, after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Texas, he studied the Air Force mission, organization and customs and received special instruction

in human relations. The airman has been assigned to the Technical Training Center at Keesler for specialized training in communications - electronics systems.

Airman Schweitzer is a 1969 graduate of Devine High School and attended San Antonio College. His wife, Carol, is the daughter of Mr. and Mrs. William R. Mays of Natalia.

Charles Schweitzer

Snyder promoted to sergeant

SPANGDAHLEM, Germany--Charles L. Snyder, son of Mrs. Jack A. Snyder, Rt. 1, Hondo, has been promoted to sergeant

in the U. S. Air Force. Sergeant Snyder, an administrative specialist at Spangdahlem AB, Germany, is assigned to a unit of

the U.S. Air Forces in Europe, America's overseas air arm assigned to NATO.

The sergeant, a 1968 graduate of D'Hanis High School, attended Southwest Texas Junior College at Uvalde.

Briseno graduates at Lowry

DENVER--Airman Mario A. Briseno, son of Mr. and Mrs. Sipriano H. Briseno of Natalia, has graduated at Lowry AFB, Colorado, from the U.S. Air Force supply inventory specialist course conducted by the Air Training Command.

The airman, trained to inventory supplies by use of electronic data processing machines, is being assigned to Kelly AFB, for duty with a unit of the Air Force Logistics Command which provides supplies and equipment for Air Force units.

Airman Briseno was graduated in 1969 from Natalia High School.

Soil Survey completed in Medina County

The manuscript for publication of the Medina County Soil Survey Report has been completed and sent for final editing and publication, according to Everett L. Abbott, District Conservationist for the Soil Conservation Service in Hondo.

The Medina County Soil Survey Report is scheduled for publication in 1975 and will be made available for free distribution to land owners in Medina County.

Glenn Dittmar, SCS Soil Scientist in Hondo, is the author of this manuscript which contains the most complete and up-to-date information available on the soils of Medina County. This information is not available in any other present publication.

According to Dittmar, 41 different soils have been classified and identified since the field work for the soil survey was begun in 1966.

These 41 soils have been further divided by soil scientists into 64 mapping units by carefully noting differences in soil color, texture, slope, permeability and amount of erosion.

These mapping units tell land users the important facts about the soils in Medina County.

Dittmar has been working on the Medina County soil survey since January, 1968. He succeeded Davie Richmond, who was transferred to Arizona at that time.

Dittmar had previously worked in Pleasanton and in Fredericksburg.

Another soil scientist, Michael Dieke, also assisted with the soil survey in 1970 and 1971.

Field work on 868,480 acres was completed in June, 1971 and extensive studies were made of the data previously collected and numerous additional examinations and laboratory tests were made to further help classify and identify the soils. Much of this work was done in cooperation with the Texas Agriculture Experiment Stations and the Texas

Highway Department.

Eight new soil series were established in Medina County that have not been found in quantity in any other county to date.

Many of these soil series were given names taken or derived from communities or locations in Medina or adjoining counties. These new soils include Amphion, Devine, Dina, Divot, Hanis, Kincheleo, Lacoste and Quihi series.

The modern soil survey has information about the kinds of soil that occur in any given area, with complete descriptions of their physical characteristics.

This information can give estimates of porosity and percolation rates, natural soil drainage, ponding, flooding, runoff, depth to bedrock, seasonal high water tables, bearing strength, shrink or swell potential and others.

These characteristics are

then translated into limitation ratings for various land uses, such as residential, industrial, commercial, school sites and developed and undeveloped recreational areas.

The most important use of the soil survey will be to farmers and ranchers whose way of life is directly dependent on the use and care of the soil.

For example, the degree and regularity of slope determines to a large extent the erosion hazard of the land.

Whether the soil is "loose" or "tight" determines to a large extent the kind of conservation practices which could be applied to the land.

The soil survey will also show which land should be left or seeded to permanent grass, what land is best suited for cropland, and what land should be used for rangeland or wildlife.

A detailed soil map can serve the land user as blueprint of the land. It will help him in making wise choices among alternate uses and assist him in resisting pressures from those who have short-term

objectives or are poorly informed.

All of the above information is presently available at the local Soil Conservation Service Field Office in Hondo.

Prepare soil survey

PREPARE SOIL SURVEY--the manuscript for the Medina County Soil Survey Report is being examined by Glenn Dittmar, left, soil scientist and chief author of the manuscript; Jerry Turrentine, right, biologist and range conservationist who wrote the range section of the manuscript; and Everett L. Abbott, seated, District Conservationist for the Hondo Field Office of the Soil Conservation Service. Copies of the 452-page manuscript have been mailed to Temple, Texas for final editing. Publication of this soil report is expected sometime in 1975 and will be available at no cost to all land owners. Dittmar is expected to assume duties in Atascosa and Frio counties and begin gathering data for Soil Survey Reports in these counties.

Sabinal man dies in wreck

A one-car crash on Old Highway 90 about 5 1/2 miles east of Sabinal claimed the life of a 24-year old Sabinal man late Saturday night. Reynaldo Torres, 24, was killed instantly in the crash.

Highway Patrolmen

Scott and Campsey of Hondo reported that Torres, alone in a 1970 Dodge, was traveling west on the old highway at a high rate of speed when he failed to negotiate a curve, and hit the left side of a concrete bridge abutment.

Funeral services were held Wednesday at St. Patrick's Catholic Church in Sabinal, with interment in the Sabinal Catholic Cemetery.

CARDS OF THANKS

I want to express my
thanks to my relatives and
friends for their visits, cards,
flowers and help while I was
in the hospital and special
thanks to the doctors and
nurses at the hospital and
Rev. Weimer for his visits
and prayers. Again special
thanks to you all.
Charles L. Muennink 3-8-1tp

We wish to express our
thanks to our friends, neigh-
bors and relatives for their
thoughtfulness of food, cards,
visits, memorials and floral
tributes. Also the Drs. nurses
and Patsy Baby, Mr. and
Mrs. Bud Guinn, the staff of
Guinn-Horgor and the pall-
bearers. Special thanks to
Rev. Durkop and Rev. Han-
nemann for the comforting
services in our time of sor-
row at the loss of our beloved
mother.
The children of Mrs.
John Schuehle, Sr. 3-8-1tc

May God Bless the faithful-
ness of everyone thinking of
me while I was in the hos-
pital and after I was home.
Many thanks for all the cards,
flowers, gifts and food given
to me after I came home.
Let prayers from God be with
you all.

Legal Notice

NOTICE OF COUNTY TRUSTEE ELECTION THE STATE OF TEXAS)

COUNTY OF MEDINA)
TO ALL WHOM THIS
MAY CONCERN:

By virtue of authority
vested in me by law, I
hereby Order and Notice is
hereby given, that there
will be an election held on
Saturday, April 7, 1973 by
the qualified voters of
Commissioners precincts
numbers one, two, three
and four in said county, at
the usual voting places in
and for each school district
in said commissioners
precincts for the purpose
of electing County Trust-
tees as follows:

(1) For the election of one
County - Trustee-at-Large
for commissioners pre-
cincts No. one, two, three
and four. Said trustee to be
elected by the qualified
voters of precincts one,
two, three and four.

(2) For the election of one
County Trustee for Com-
missioner's precinct No.
II. Said trustee to be
elected by the qualified
voters of precinct No. II.

(3) For the election of one
County Trustee for Com-
missioner's precinct No.
IV. Said trustee to be
elected by the qualified
voters of precinct No. IV.

(4) Said election shall be
held at the same time and
place and by the same
election officers who hold
the election of school
trustees in and for each
school district; and the
polls of said election places
shall be open at 8 o'clock
a.m. and not close before 7
o'clock p.m.

Any citizen who desires to
have his name printed on
the ballot as a candidate
for school trustee is
requested under the School
Laws of Texas to make
application therefore to the
County Judge not less
than thirty (30) days
before the day of election.
Witness my Official hand
and seal of office, at
Hondo, Texas on the 16th
day of February A.D.
1973.

Jerome Decker
County Judge
Hondo,
Medina County, Texas

Owls take third in Devine track tourney

Hondo High School's new track team opened a brand new chapter in Owl sports with a surprisingly strong third place finish at the Devine Relays track meet.

The Owls compiled a record of 59 points behind host Devine's winning total of 141 and Carrizo Springs' second-place 86. Eleven schools were entered in the tournament.

Several standout performances were turned in by Hondo thinclads during the tournament.

Eddie Pope captured second place in the 120-yard high hurdles with a 16.3-second time.

First place went to Robert Hundley of Devine with 16.2. Pope also

carded a fourth place in the 330-yard intermediate hurdles.

Gene McAnelly and Sam Nooner made a strong team showing in the 100-yard and 220-yard dashes. McAnelly finished third in the 100-yard dash with a 10.5 speed, and Nooner finished fifth. Winner in the event was Randall Kendrick of Devine with 10.2.

Again, in the 220-yard dash McAnelly and Nooner finished two and three respectively. Three-tenths of a second separated Nooner's 23.9 from winner S. Hodges of Southside with 23.6.

Benito Pina took third place in the mile run with a 4:51 showing. Winner A.

Perales of Carrizo Springs set a 4:35.1 mark.

Raul Rios placed fourth in the 440-yard dash with a time of 53.6 seconds. G. Becknell of Cole High School in San Antonio won that event with a 45.0 time.

Finally, Hondo's mile relay team of Lee Haile, Paul Pope, Tim Hardt and David Christopher took fourth place in that event with a time of 3:42.7. Carrizo Springs won the race with a 3:34.2 time.

Keith Ligon placed fourth in shotput with a 45', 9 1/2" throw. The event was won by R. McGee of Hays with a 47' 8" throw.

Mike Hilberling was in a tie for fourth place in the high jump along with B. Kinsherry of Carrizo Springs.

Schools participating in the invitational track meet were Devine, Carrizo Springs, Hondo, Pearsall, Medina Valley, Cotulla, Cole and Southside of San Antonio, Hays Consolidated High School, Somerset and Marble Falls.

Participating for the Owls were Sam Nooner, Bobby Cox, Gene McAnelly, Charles Britsch, Angel Robles, Joe Martinez,

David Christopher, Raul Rios, Ray Garcia, Eddie Pope, Tim Hardt, Benito Pina, Richard Coronado, Joe Lopez, Lee Haile, Paul Pope and Mike Hilberling and Keith Ligon.

This Saturday the Owls will journey to Pearsall and another invitational track meet.

They will compete with some of the same opponents plus more other Class A and AA schools.

400-yard relay—1. Cole 12. Lousis, A. Marquez, G. Becknell, D. Burroughs, 43.8. Devine 3. Carrizo Springs 4. Medina Valley 5. Hays Consolidated.

BASEBALL IS ON A-GAIN . . . The crack of a bat once again echoed on the Hondo baseball field Friday as the Owls defeated Fredericksburg 5-0. Here Kenny Weynand takes a cut as teammates look on from the dugout.

The Owls will participate this Friday and Saturday in the Carrizo Springs Tournament.

Their first game will be played at 12 noon Friday. Should Hondo win, they will play Saturday at 12:30 p.m. If they lose, the next game will be Saturday morning at 10 a.m.

David Knowles scored first in the second inning after reaching base on a single. Pitcher James Prescott singled after Keith Ligon's grounder to bring Knowles around to third, but an error on the third baseman allowed Knowles to score.

The Owls drew blood again in the third as Gene McAnelly scored on a double by Knowles. The icing was put on the cake in the fifth inning, however.

Gordon Bohmfalk led off with a single and advanced to second on a fielding error on the left fielder. Knowles collected yet another single to put runners on first and third with no outs. With that, Ligon strode to the plate

Entrance fee will be \$5 plus green fee, and entry is limited to 72 players. Anyone wishing to enter the tournament should send handicap and fees to Virgil Krenmueller, c/o Hondo Golf Course, Hondo, or call 426-8825.

Baseball begins—Owls to play at Carrizo

Baseball season opened last Friday in Hondo with a bang. Most hitting in that game with Fredericksburg came from the bats of the Owls, who won it 5-0.

The Owls will participate this Friday and Saturday in the Carrizo Springs Tournament.

Their first game will be played at 12 noon Friday. Should Hondo win, they will play Saturday at 12:30 p.m. If they lose, the next game will be Saturday morning at 10 a.m.

David Knowles scored first in the second inning after reaching base on a single. Pitcher James Prescott singled after Keith Ligon's grounder to bring Knowles around to third, but an error on the third baseman allowed Knowles to score.

The Owls drew blood again in the third as Gene McAnelly scored on a double by Knowles. The icing was put on the cake in the fifth inning, however.

Gordon Bohmfalk led off with a single and advanced to second on a fielding error on the left fielder. Knowles collected yet another single to put runners on first and third with no outs. With that, Ligon strode to the plate

Entrance fee will be \$5 plus green fee, and entry is limited to 72 players. Anyone wishing to enter the tournament should send handicap and fees to Virgil Krenmueller, c/o Hondo Golf Course, Hondo, or call 426-8825.

and knocked a hard line-drive over the left field fence.

The Billies collected only two hits off Prescott who faced only 25 batters in all. Prescott struck out seven men in the contest.

Leading the Owls in hitting were David Knowles with three hits; Gordon Bohmfalk and Bobby Cox with two each; and Gene McAnelly, Kenny Weynand and Keith Ligon with one hit apiece.

For Fredericksburg, Du-lak hit a triple and Starr collected a single.

Frdsbg. - 0 0 0 0 0 0
Hondo - 0 1 1 0 3 0

Tuesday evening it was a different story for the Owls as they met Somerset for a B-Team game and an evening Varsity contest.

The first game went well enough with the Owl B-Team winning by an overpowering 17-5 margin in only six innings. But the nightcap saw the old 5-0 margin turned around against the Owls at the hands of the Somerset team.

Pitcher Orosco struck out 14 of the 30 Owl batters he faced in seven innings. He showed a fiery fast ball usually placed with pinpoint accuracy and managed to stay in control against everyone but Gordon Bohmfalk.

Bohmalk drew all three walks given up by Orosco. Lightning struck early in the first inning for Somerset. A batter who was hit by a pitched ball advanced to second on a balk and then to third on a passed ball. He was then bunted in for the first run of the game. That one-run margin held until the fourth inning.

Chumley led off for Somerset in the top of the fourth and drew a walk. He was driven in by Adams who doubled with one out. Morton, who batted after Adams, also drew a free pass, and then a balk on Owl pitcher Spears put the Somerset runners on second and third. Estrada then singled scoring both men and bringing the score to 4-0.

The fifth inning opened with Cooper of Somerset leading off with a single. A passed ball brought him all the way to third as catcher Keith Ligon ran into ball-handling problems.

The Owls then settled down and retired two men in a row on sharp infield work. That spell was broken, however, by Prater, who singled Cooper in to end the night's scoring.

Kenny Weynand collected two singles for the Owls, both times reaching second base, but no Owl ever touched third during the game. Simon Arcos and Keith Ligon each had one single during the game.

Spears struck out two Somerset men as did reliever Bohmfalk who came in in the sixth inning. Spears also walked four batters.

For Somerset, Estrada, Cooper, Prater, Adams and Morton each had one hit. Adams' hit was a double.

We're proud our seeds have earned the trust of farmers like these ...

Edgar Saathoff recorded a yield of 4866 pounds on 160 acres of Pioneer 846. Next year it'll be Pioneer brand hybrids on 250 acres for Edgar Saathoff, Hondo, Texas.

W.W. Chapman got a yield of 2500 pounds with Pioneer 846 and only one rain on his dryland farm. He likes the standability and drought yield of 846. Next year 100 acres will be in Pioneer brand seed for W. W. Chapman, Leakey Rt., Sabinal, Texas.

Because we were the first company to commercially produce hybrid corn and with 17 years of work on sorghum, we know a lot more about hybrids and how to make crosses that really yield. We've had longer to test and re-test our varieties. We've stuck with some of our early crosses, and we keep developing new ones to fit every growing condition imaginable.

For Coastal areas where diseases are a problem we recommend these sorghum and forage varieties ...

Pioneer Brand 8442 — resistant to downy mildew and anthracnose — strong roots and stalks — matures about the same as 846

Pioneer Brand 8150 — immune to downy mildew in all states — resist smut and anthracnose — a day or so later than 846

Pioneer Brand 846 — excellent drought resistance — good smut, rust, MDM resistance — unaffected by secondary downy mildew infestation — full season hybrid

Pioneer Brand 988 — sorghum sudangrass hybrid for pasture, greenchop, hay or haylage — ready to cut or graze in a little more than a month — regrows again and again all summer with adequate moisture and fertilizer

When you choose a hybrid for your land, choose one from the company that started it all ...
